Hello, Time Travellers!

How are you? Super-well! That's brilliant, because there's no time for sniffles or alien bogies - we've got adventures to plan! Right, bring your invisible-ink pen and your pad and your badge and your stickers - we have to spy on a city of aliens that look a lot like angry mushrooms. I forgot to say, we'll have to dress up like mushrooms, perhaps for a few months. I told you that I was a fun guy. Fungi. Geddit? Oh, sorry.

ZERO DISGUISES!

When the hunt was on for **Prisoner Zero** and the **Atraxi** were preparing to boil Earth, the Doctor spotted something important – **Rory Williams**! Rory was filming a man who was meant to be in hospital, in a coma! It was Prisoner Zero in disguise!

AMY
SHOCKER!

SAVING AMY!

We couldn't believe it when the Doctor revealed Amy to be a **Ganger**. When Amy's **TARDIS scans** kept showing her to be pregnant and not pregnant at the same time, the Doctor went to investigate the powers of the **Flesh** at the acid factory. It was time to **rescue Amy**!

CLOUD CONTROL!

The Doctor had to convince miserable **Kazran Sardick** to be nice and save hundreds of people on a ship caught in his **foggy skies**. He pieced together Kazran's character from items in his room, including a portrait of his **mean father**, which Kazran had turned his chair away from. The Doctor knew he could be good!

DETECTIVE WORK!

The Doctor uncovered a heap of lies on board **Starship UK**. He noticed that the ship didn't have an **engine** as it wasn't vibrating. And he saw the fine cracks on **Liz Ten**'s mask - which revealed she was a lot older than she thought she was!

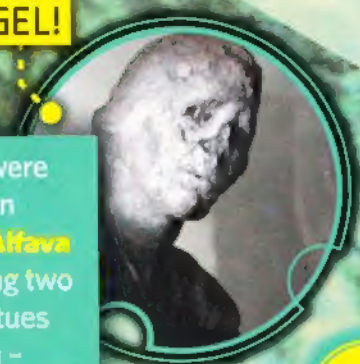

STATUE STAND-OFF!

THE TRUTH UNMASKED!

MANKY ANGEL!

GETTING A HEAD!

The Doctor and River Song realised they were in danger when they went on an expedition through the Aplan **Maze of the Dead** on **Altava Metraxis**. THE TOY SHOP IN TOWN...

Er... hello? Anyone here?

I came to *check* on the monster working here...

CLONE WARS!

THE SECRET HISTORY OF THE SONTARANS!

Pay attention, weakling *flesh buckets!*

I would like to see this Earth thing called a '*potato*' which you say I resemble.

Many years ago, we decided to take over a silly little planet called **Earth** for the glory of the Sontaran Empire. **SONTAR-HA!**

Did we *lose* again? I can't see a *thing* through this helmet!

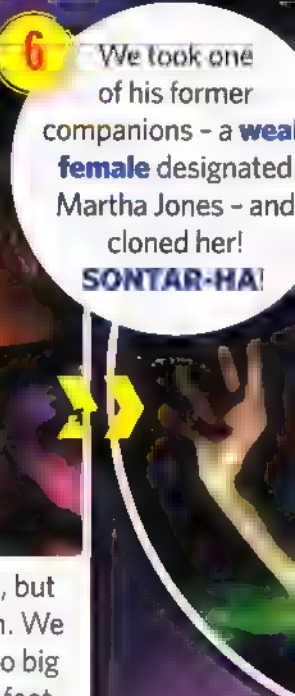

So we decided that we would invade **his** planet! **SONTAR-HA!** But we were tricked and totally dissed! **SONTAR-oh.**

We are *taking over* your school.

But no *homework!*

Our **glorious army** may have been depleted, but we hatched a plan to **take over Earth** again. We worked with a human child genius. He was too big for his boots. And ours. We have tiny, proud feet.

We took one of his former companions - a **weak female** designated Martha Jones - and cloned her! **SONTAR-HA!**

For the glory of... *argh!*

HOT! HOT! HOT!

BOOM

Our plan foiled, we would burn the **stupid planet Earth** to cinders instead! But no, the human child genius **blew us up!**

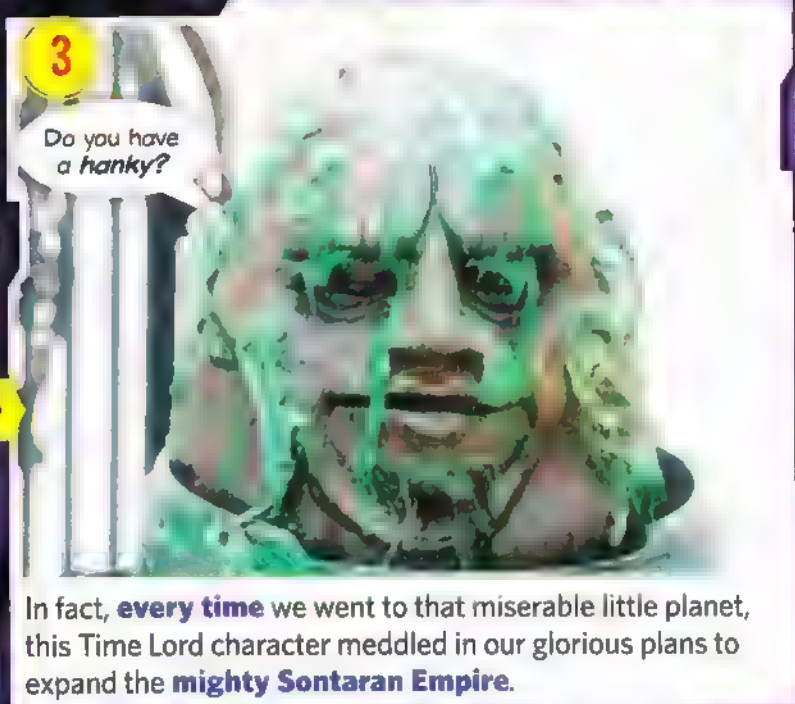

Battle first and *verruca inspections* second!

We heard rumours that a **Sontaran nurse** had joined the Doctor in battle. What a gigantic, humanoid **fib!**

It did not go as well as we planned. A tall, skinny Time Lord called the **Doctor** stopped us.

In fact, **every time** we went to that miserable little planet, this Time Lord character meddled in our glorious plans to expand the **mighty Sontaran Empire**.

We made all the car exhausts pump out **cloning nutrients**. The whole of Earth would become a giant **clone bank**! **SONTAR-HA!**

It was a genius plan, but the Doctor **sniffed** out our fake Martha straight away. Literally. Our plans **stink** like our clones!

When the **Daleks** came up with a plan to imprison this Doctor in a **Pandorica**, we joined their good-but-not-as-great-as-ours fleet to **capture** the babbling dimwit.

It did not go as well as we planned. Turns out this Doctor does not **destroy** universes, but **saves** them. All glory to the Doctor! **DOCTOR-HA!**

Karen and Matt were not very impressed with the director's dance moves.

Matt was desperate to stop Arthur and Karen from leaving!

DOCTOR, DOCTOR!

Go on, ask me anything!

DO YOU HAVE A PROBLEM THAT NEEDS SOLVING? THEN ASK THE DOCTOR!

TINY TERRORS!

Dear Doctor,
What do Vashta Nerada look like? Are they invisible?

Leo Thomas
Corbett

THE DOCTOR REPLIES:

Good question! Good, but a little terrifying! You can't see Vashta Nerada. They are like cute little dust particles floating in the air. They make me feel a bit nervous. But in reality, they are a flesh-eating swarm of tiny menaces! Terrified again, I made some very special glasses so I could take a closer look at them just for you, but they looked hungry, so I ran away!

I won't be staying for dinner. Thanks though, little guys!

WOOF STUFF!

Dear Doctor,

I think Prisoner Zero is chasing my nanny's dog, Scamp. How can I stop it?

Jacob Murfet

THE DOCTOR REPLIES:

I know about Prisoner Zero. There would be slime everywhere and the prison would be hovering about! You should take a closer look at Scamp. Is there any chance that this dog could be a Prinkagooglian herding hound? They're cute, loyal and caring and need regular feeds, walks and cuddles. A lot like normal dogs, but they're green, with horns and teeny-ting wings. Cutie alert!

Woof!

TIME FOR FRIENDS!

Dear Doctor,
Does the Time Beetle have
a friend? Maybe a Time
Worm or Time Spider?
And do you like them?
William Oxley

are you
doing?

THE TIME BEETLES

The Time Beetle belongs to the Pantheon of Disorder
along with the Terrible Trickster. They just love
to play hide and seek. They've got Time Worms, Space Parrots
and Time Beetles. They love to be friends
with everyone, but they'd have to give up meddling with time
to be friends with people that don't have Cheese Weasels.

THIS WEEK: THE SIREN

DEAR SIREN
Are you a mermaid
or a ghost?

There's
nothing fishy
about me!

THE SIREN REPLIES:

I am neither mermaid
nor ghost. I am a
Siren.

Spirits and sea monsters
are my friends. I love to
play hide and seek with them.
I love to be friends with
everyone, but I'd have to give up
meddling with time to be friends
with people that don't have Cheese Weasels.
